Subject: Advisory for TWIL-01 is stable at New Dabla WDFC (Jaipur Division)

Dear Sir

This is to inform you that, due to the festive season, the railways are currently facing a shortage of crew and power, resulting in sluggish train movement. Consequently, our rake TWIL-01, which departed from ICD ACTL to Mundra on 16/10/2025, is presently stabled at New Dabla (WDFC).

We are closely monitoring the situation and continuously coordinating with the railways to ensure the earliest possible movement of the rake.

At present, around 71 rakes are en route to Mundra, causing heavy operational congestion along the route. The movement of our rake will resume as soon as clearance is available, and we are in constant touch with the railways to secure priority movement towards Mundra at the earliest opportunity.

We sincerely appreciate your kind cooperation and understanding in this matter.

Thanks & Regards

Rakesh Kumar
